FTA Map No. 2, Yellow River Ravines Section and Weaver Creek Section

Perm. Change? No

Effective Date: January 1, 2016

Ending Date: Updates to be provided January 1, 2017 and as changes occur.

Description/Map: Road construction, as part of the widening of S.R. 87, in the vicinity of the Yellow River Bridge, is set to begin in January 2016. The project extends from 2 miles south of the bridge to Nichols Lake Rd., about a mile north of the bridge. The trailhead and parking area just south of the bridge will be closed. Hikers should be aware of hazards related to this construction and exercise caution while transiting this area. They should remain on the west side of the highway, north and south of the bridge, and follow the blazed trail and road walk. This notice will be updated as conditions change.
