Description/Map: Guest Lake Park has been added as a campsite for FNST hikers near the eastern end of the Yellow River Ravines Section. Located at the Guest Lake Park Boat Ramp at the southern end of the Yellow River Log Lake Road, the park has pavilions, fire rings, water, and a portable toilet. The campsite provides a first/last trail camping opportunity at the beginning/end of the long road walk between the trailhead on S.R. 85, south of Crestview, and the Yellow River Ravines Section.
