Description: The Florida Trail in Forever Florida, between US 441 and the western boundary of Bull Creek, is currently open to public access as a hiking pass through with no camping. The eco-tourism business on the property has permanently closed and we are actively working with the landowner to determine the feasibility of public access across the property for the long-term. As the front gate will be closed, there will no longer be a trailhead or parking at the visitor center. Thru hikers, please call facility manager Keith Turner at 321-258-8633 before entering the property. If there is no answer, leave a voicemail with your name and phone number.
