ALL Florid State Parks along the Florida Trail are open for day use. Visitors must practice social distancing, including limiting group sizes to 10 or less and staying six feet apart from other visitors.
Florida State Parks campgrounds will reopen Thursday, May 21 with modified procedures for amenities. Staff, volunteers and visitors are asked to observe social distancing recommendations, such as staying 6 ft. away from others, congregating in groups of 10 or less, and avoiding frequently touched surfaces. Due to precautions for COVID-19, communal spaces such as pavilions, playgrounds and picnic areas may be closed to public use. To reduce risk, cash transactions are limited to exact change.
