Description:

The Northwest Florida Water Management District has re-opened most of its day-use recreation sites, including picnic areas and swimming areas. Campgrounds and the Pitt/Sylvan and Williford spring sites along Econfina Creek remain closed.

Hiking trails, bike trails, equestrian trails, and boat ramps are open for individual use, but users may not congregate at or use associated shared facilities (e.g. picnic tables, pavilions, restrooms, etc.) Individuals must maintain appropriate distances from other users while using trails and launching and retrieving boats and paddle craft.
